

The Work *of* Torrin Nelson

I come from a background as a self-portrait photographer, so I love to express strong emotions and feelings in my work. I take the lessons that I've learned from 8 years of photography experience and my degree in graphic design into each project. I'm seeking some freelance and/or contract opportunities in fields and with causes that make me feel passionate.

W. District — Environmental Design — Fall 2018

History of Tennis

W. District is a student project that I worked on in early fall of 2018. This project included environmental design, hand outs, branding, and photography. I chose to create a historic exhibition about Wimbledon's role in the sport of tennis.

RIVERHEAD BOOKS | New York, New York

Copyright 1982 by Meg Wolitzer

This book is a work of fiction. Names, characters, places, and incidents are either the product of the author's imagination or are used fictitiously, and any resemblance to actual persons, living or dead, business establishments, events, or locales is entirely coincidental.

You could not begin to feel better unless you were prepared to take on the responsibilities that went along with becoming a social being.

nothing left in my
lungs for you.
